

# RADLEY FLOWER SHOW

## NEWSLETTER – JUNE 2022

The programmes for Radley Flower Show 2022 have now been printed – pick up a copy from Radley Village Shop or download one from the Radley Parish Website ([www.radleyvillage.org.uk/ourvillage/occasions/flower-show](http://www.radleyvillage.org.uk/ourvillage/occasions/flower-show)). The show will be held on Saturday 25<sup>th</sup> June at Radley Village Hall and Gooseacre playing field - it is a friendly, amateur competition and the whole family can take part. There are lots of exciting categories for you to enter (much more than flowers); have a look at the programme and get started on preparing your entries. Please return your entry form early and no later than **Saturday 18<sup>th</sup> June**, as we need time to process the entry forms and send out competitor number cards and instructions for the day.

There are many trophies to win, as well as small cash prizes. We are delighted to tell you about a new trophy – the Rosemary King Trophy – which will be awarded for the best entry involving knitting and crocheting. Rosemary King enjoyed participating in the Radley Flower Show over many years (winning her first prize in 1964), with entries including gardening, sewing and knitting, and photography. The trophy has very kindly been donated by Rosemary's husband, Peter, who will be at the flower show to present it to the first winner.

This year's Radley Flower Show will include some entertainment on the playing field including: music and singing performed by pupils from Radley College and Radley Primary School; teas served from the pavilion, activities for children; skittles competition; crown parade; and a small number of stalls. We have decided to open the crown parade to all ages (as adults are wanting to enter too!); check in with your crown on the afternoon of the show (no need to enter in advance). Remember to bring some cash with you (£1 and 50p coins would be useful), as card payments will not be possible.

If you would be interested in helping with the show, please get in touch ([radleyflowershow@gmail.com](mailto:radleyflowershow@gmail.com)).
