Dr J Neilson – Head of Unit
Date: 9 January 2016

Dear Sir/Madam

CONSULTATION ON YOUR NEIGHBOURHOOD PLAN – REPRESENTATIONS BY HSE RADLEY NEIGHBOURHOOD PLAN

Thank you for your request to provide a representation on the Radley Neighbourhood Plan consultation document. When consulted on land-use planning matters, HSE where possible will make representations to ensure that compatible development within the consultation zones of major hazard establishments and major accident hazard pipelines (MAHPs) is achieved.

We have concluded that we have no representations to make on this occasion. This is because our records show that the Radley Parish Council boundary and the land within does not encroach on the consultation zones of major hazard establishments or MAHPs¹. As no encroachment has been detected, HSE does not need to be informed of the next stages in the adoption of the Radley Neighbourhood Plan.

¹ Planning authorities are advised to use HSE's Planning Advice Web App to verify the advice given. The Web App is a software version of the methodology used in providing land use planning advice. It replaces PADHI+. All planning authorities should have an authorised administrator who can access the Web App; further information is available on HSE's website: <http://www.hse.gov.uk/landuseplanning/padhi.htm>. HSE also advises that you contact pipeline operators for up-to-date information on pipeline location, as pipelines can be diverted by operators from notified routes. Most incidents involving damage to buried pipelines occur because third parties are not aware of their presence

If you have any questions about the content of this letter, please contact us at the address given.

Yours faithfully

A handwritten signature in black ink, appearing to read 'John Moran', written over a horizontal line.

John Moran

HM Specialist Inspector of Health and Safety (Risk Assessment)
